2. Title of the practice: - Green campus

Objectives of the Practice:

- i. To raise environmental awareness among students, resulting in better environmental management, greater sustainability, and an improvement in the quality of life for all stakeholders associated with the campus.
- ii. To make the campus as pollution-free as possible.
- iii. To safeguard every connected stakeholder from the adverse effects of environmental pollution. Plant more trees and protect the ones that are already there. .
- iv. To keep the campus cool and clean by putting into practice energy conservation strategies.
- v. To furnish habitat for birds.
- vi. To cultivate trees and other green plants on the rocky beds.

Evidence of Success: i. with the organization of workshops/seminars/NSS/Nature Club, students are made aware of the various environmental issues.

ii. A mandatory course on environmental awareness at the B.A/B.Sc./B.Com level is taught.

Dense forestry program
